Thank you for the reminder and information Julie. I've included Helen Bottcher and Richard Francis on this email, since they are EPA's RPMs for Bradford Island. Can you also send us information on consultation protocols to help us prepare.

Thank you,  
Chris

**Subject:** [Non-DoD Source] Tribal Council-Government to Government April 5th meeting

Good Morning

This message is a reminder and confirmation that the Government to Government meeting with Yakama Nation Tribal Council is currently scheduled for April 5th. This date was selected after the meeting scheduled earlier was cancelled due to winter weather. I'm sending this early notice to allow time for you to make travel and lodging arrangements. We will be requesting the 9am-10:30am time slot on the Council's agenda but we won't receive confirmation of our requested time until mid to late March. We are hopeful that we are successful in securing this time and we will notify you as soon as we have a confirmed time on the agenda. COVID Protocols that you all received earlier are currently still in place. We will be confirming that we have the correct list of attendees from your organization prior to the meeting so that we can do appropriate introductions. If you have questions or need additional information, please let me know.

-Julie
